DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Response filed 12/12/05 (9/12/05 Remarks and Amendment entered: see particularly page 10, line 1 - page 14, line 2), with respect to the rejection(s) of claim(s) 1-33 under 35 USC §103 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of 35 USC §112.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17-23, 29, & 33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 17, lines 14-15, the phrase "wherein said fifth computer code device is configured to perform said editing of said print job information while said print job information is at said printer" is unclear as to whether the recited "while said print job information is at said printer" timing refers to

Art Unit: 2624

the operation of configuring the computer code device or to the operation of editing.

Allowable Subject Matter

4. Claims 1-16, 24-28, & 30-32 are allowed.

5. Claims 17-23, 29, & 33 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. The following is a statement of reasons for the indication of allowable subject matter:

As noted above, Applicant's arguments re the present claim language (9/12/05 Remarks: page 10, line 1 - page 14, line 2) have been considered and found persuasive.
